

Nordic Society of Radiographers

NORDIC MR SAFETY AWARD

We want to recognize the role of radiographers in the Nordic countries who have significantly advanced magnetic resonance imaging (MRI) safety in clinical practice, education, research, or technical development.

We have therefore created The Nordic MR Safety Award.

WHO?

Anyone can nominate (clinics, universities, professional societies, manufacturers, individuals).

Nominated can be an individual, group of individuals, department or institution.

WHEN?

Deadline for submission of nominations are April 1st 2027.

The winner will be announced at Nordic congress of Radiology and Radiography in Malmö in September 2027.

HOW?

Your nomination must include:

Name of nominee/team, organization and contact information

A justification of max 2 pages (the problem addressed, actions taken and measurable impact)

Relevant attachments (ex. data, process descriptions, publications, training materials, statements etc.).

Submit your nomination to kontakt@radiograf.dk.

CRITERIA

1. Impact on patient and staff safety
2. Innovation and novelty
3. Nordic-level influence
4. Scientific and professional quality
5. Ethics, patient-centeredness, collaboration
